**“Lindertech” is recognized as an INDUSTRY LEADER in high quality current advanced automotive training. It’s the “REAL WORLD” training technicians need to repair today’s complex vehicles.**

The complex diagnostic problems facing today’s repair facilities demands a multipurpose and powerful lab scope to see, analyze and understand the electrical signals that vehicle components produce, so you can discover the root cause of a problem.

## **Special 2-Day Lindertech Hands-On Training Event for Pico and Snap-On Users**

**Limit  
25 students**

**Instructors: Scot Manna and Scott Shotton**

**2 day  
course only**

**Saturday January 26, 2019 8:30 - 5:00 pm**  
**Sunday January 27, 2019 8:30 - 2:30 pm**

**Location: Cochrane Automotive Training Center,  
73 Chauncey Ave. Toronto, ON M8Z 2Z2**

**You need to bring your own Pico or Snap-on kit and laptop to attend**

We will be starting with some scope basics and progressing to more advanced features of the scope. Following is just a brief outline:

- Inputs: Analog: Potentiometers and Permanent Magnet Generators
- Inputs: Digital: Hall Effect Sensors
- Outputs: Solenoids and DC Electric Motors
- Network Application
- CKP/CMP Correlation
- Relative Compression - Let's be creative
- In Cylinder Pressure
- Advanced Application of Scopes - Put the pieces together
